A 501(c)(3) Non-Profit Organization

The YOUNG HAITI RISING event's objective is to bring together motivated and influential leaders, businesses, professionals, media, and ordinary people from across communities in Haiti, the U.S. and worldwide to advance and support the critically important work of relaunching "The New Haiti" for future generations. And to help do that, we are celebrating our current and future young Haitian athletes because Haiti is reliant and dependent on them and us to help change the tired old negative narrative.

H.A.I.T.I.E.N. is a 501 (c)(3) non-profit organization with a mission to promote Haiti, its rich culture and its history of determination and grit. We hope to help reset and rebuild the country into a stronger and economically more prosperous nation. We aim to tell Haiti's story with unflinching honesty but with a positive focus. We highlight people, activities and programs that challenge us to approach the current reality from different perspectives through projects that embrace the country's dynamic cultural traditions.

As Haiti changes, we must evolve with it. At H.A.I.T.I.E.N. we are proposing bold, innovative, ambitious goals and platforms that enable us to elevate the country's culture, people, and history on the international stage more effectively for future economic prosperity. This year, we acknowledge this responsibility by highlighting the accomplishments of young Haitian women athletes, as we continue to foster conversations that inspire positive transformation through community collaborations.

Join us in celebrating and congratulating Haiti's finest young athletes and future leaders. Become a sponsor or join us in the New Orleans' festivities on October 17th, 2023. All donations and fees are tax-deductible.
